## Work Experience

### Badan Penanggulangan Bencana Daerah Sleman (Intern)

March 2021 – April 2021

Emergency and Logistics Division

Create a warehouse logistics management website, which is used by warehouse officers and barracks officers to manage availability, demand and delivery of logistics. So it can help work become more effective and efficient

### Community Service (Kuliah Kerja Nyata) in Garongan-Kulon Progo

October 2021 - November 2021

Documentation

Do some social projects in order to implement skill which is obtained in university and achieve some specific target to society. Help reactivate the Garongan village website which has been inactive for a long time and educate to village officers how to manage the website. The other project is made a map of the Garongan village area.

## Organization Experience

### Arunika Graphic Design UPN Veteran Yogyakarta

Create some manual designs and graphic designs like posters and banners using Corel Draw. Also create some User Interface (UI) and User Experience (UX) design for mobile and desktop application using figma
